### And What Have You

By BOB CRAIG

This past weekend our family attended the annual West Texas Press Association summer convention in San Angelo. This is always the highlight of our year because not only does it give us a semblance of a vacation but it also gives us a chance to visit with some of the finest people we know.

Since this meeting was so soon after the special election last Tuesday and most of the people gathered there were from the part of the state that was so vitally interested in the Water Plan that was defeated in the election, this was one of the main topics of conversation.

While some tried to blame the people in the big cities and the people of East Texas for the defeat, it seemed to be the consensus of most at the meeting that West Texas had no one to blame but themselves.

Since the election was called for August when very few people would turn out and vote it was the best chance West Texas has ever had to outvote the big cities and the more populated eastern half of the state. But West Texans just did not turn out.

In counties that are just crying for water the vote turnout was only about 10 percent of the qualified voters.

So you can not very well blame someone else for the water bonds failing to carry this time.

While at the convention we were elected secretary-treasurer of the association which will likely turn out to be a full-time part-time job. One of the principal chores is editing and publishing a monthly magazine.

Since the magazine is, for, and about the publishers and their staffs of West Texas newspapers it becomes necessary to scan all of the member newspapers in the association. In trying to get started on this part of the job this week, we ran across an interesting story in the Post Dispatch.

It seems that Post has had a Community Student Loan Fund for the past 17 years which has helped 31 local youngsters secure college educations.

The fund has loaned over \$25,000 in the 17 years and 15 of the 31 boys and girls have paid off their obligations against the principal and the four percent interest charged.

Two years ago the fund went on a "sustaining basis." This means that after 15 years no more contributions to the fund are sought and that loans were made from money repaid on earlier loans.

Many individuals and organizations in Post have been substantial contributors to the fund over the years to get it to the point that it can carry its own way.

We have no idea what the chances would be for getting something like this started here but can think of no better project for some organization to undertake.

We can see where this type of project could have as much or more merit as a direct scholarship and could grow to the point that it could help a great many more young people over the years.

With one week of band school already over and football workouts getting underway here Monday—summer must just about be over and school can not be very far off. We always hate to see summer end but at the same time we always look forward to another football season.

We have always heard that there is some good in everything and guess this must be so. In spite of how bad this long hot, dry spell has been on both humans and crops we read were it has been a great boon to the fight against the screwworm. So you can keep that in mind as you suffer through the heat.

THE CROWD GATHERS — People arrived early for services during the City-Wide Revival held here last week. Here, at ten minutes before time for the service, people are filling the stands. The revival was led by the Ed Robb Evangelistic Association.

## Sixty Decisions Made Here During City-Wide Revival

Sixty decisions were made during the City-Wide Revival held last week by the Ed Robb Evangelistic Association, according to Rev. Marshall Stewart and Rev. Cecil Hardaway, general chairman and assistant, respectively.

Groundwork for the revival was made by the pastors of most churches and laymen. The revival opened Sunday, Aug. 3, and closed with the evening service Sunday.

Estimated attendance was from 500 on Saturday evening to some 1100 on the closing evening.

Morning services held weekdays in the high school cafeteria averaged 130.

Evening services were held in Piper Stadium.

Rev. Ed Robb, evangelist, was assisted by Gene Moore, singer, his wife, Bobbie Moore, pianist and singer, Dee Williams, organist, and various ministers during each service.

The decisions included 15 professions of faith; 28 rededications, seven restorations, eight assurances and two for special service.

Follow-up work will be done by local counsellors, laymen and pastors. All who made decisions will be urged to become active in the church of their choice.

Rev. Marshall Stewart, pastor of the Church of the Nazarene, and Rev. Hardaway, pastor of the First United Methodist Church, this week expressed their thanks to all committee chairmen and members who worked diligently toward the success of the revival. They also expressed appreciation for the school facilities made available during the event.

They also reported very favorable response in offerings during the services. Total received was \$2,925.08. Approximately \$1,000 local expenses were incurred, therefore, upwards of \$1,900 would go to the Association. The chairmen reminded that the members of the evangelistic team were on set salaries. The Association is made up of eight staff members.

## Mrs. Lillian Mills Found Dead In Home Tuesday

Mrs. Lillian Mills, 60, a lifetime resident of Hamlin and Jones County died of an apparent heart attack at her home. She was found dead at her home at 112 N. W. Ave. J about 8:30 a.m. Tuesday.

Services were held at 10:30 a.m. Wednesday in First Baptist Church Chapel by the pastor, Rev. Max Brown.

Burial was in Hamlin East Cemetery.

Born Lillian Gray Nov. 17, 1908, she was the daughter of the late Mr. and Mrs. George W. Gray. She attended school at Hamlin and Gulf Port College in Mississippi.

She was a member of the Baptist Church and the Hamlin Garden Club.

Survivors include two brothers, Claude B. Gray of El Paso, George W. Gray of Borden County; one sister, Mrs. Leo (Anna Beth) Chaieff of Dallas and nieces and nephews.

Pallbearers were John Bryant, D. B. Sauls, Cliff Reynolds, Jr., Tom Brady, Fred Osment and Bo Newland.

## H-SU May Offer Extension Course In Aspermont

An extension course will be offered in Aspermont by Hardin-Simmons University, if at least 15 people are interested in taking either an education or a psychology course.

If interested contact Jo Ann Gauntt Box 303 Aspermont, Texas 79502 or Phone 989-2687 before Aug. 26.

## Season Football To Go On Sale Here Aug. 26

Season football tickets will be placed on sale in the central office of the new high school building Tuesday, Aug. 26, to those who had season tickets during the 1968 season, according to B. V. Newberry, principal.

Those who wish to have the same seats this season as they had last season are asked to go by the school office or call 576-3624 or 576-3625 and the tickets will be held. All tickets that have not been retained by season holders will be placed on sale to the public on Tuesday, Sept. 2.

Season tickets for the five home games will be \$7.50. The five home games will be with Cisco, Winters, Coleman, Stamford and Haskell.

All reserved seats will sell for \$1.50 with general admission for adults \$1.25 and 50 cents for students.

## Mrs. Joe Dawkins Dies Here Friday, Rites Held Sunday

Mrs. Joe Dawkins, 29, died at 7:30 p.m. Friday at Hamlin Memorial Hospital after a brief illness. She had been hospitalized one day.

Services were held at 2 p.m. Sunday at North Central Baptist Church. The pastor, Rev. Harold D. Fleming, Rev. Marshall Stewart, pastor of the Church of the Nazarene, and Rev. Doug Robertson, pastor of the Noodle Baptist Church, officiated.

Born Karen Irvin Mar. 18, 1940, in Merkel, she was the daughter of Mr. and Mrs. Hollis Irvin of Noodle. She married Joe Dawkins at Noodle Aug. 6, 1958. He is employed by Pied Piper Mills.

Mrs. Dawkins was pianist for North Central Baptist Church and president of the WMU.

Survivors include her husband, one son, Richard, 10, of the home; one daughter, Melinda, 6, of the home; her parents of Noodle, one brother, Glen Irvin of Abilene; one sister, Mrs. Norman (Jeanne) Current of Key West, Fla.; and several aunts, nieces and nephews.

Burial was in Hamlin East Cemetery.

Pallbearers were Bobby Scifres, George Campbell, Lonnie Kidd, Robert Fowler, Herbert Sullivan of Noodle and Ralph Hallums.

## Camp Fire Council Makes Plans for Ice Cream Supper

The Camp Fire Council will sponsor an Ice Cream Supper at the high school cafeteria, Friday, Aug. 22. Serving will be from 6 to 8:30 p.m. A booth will be set up downtown for the sale of tickets.

## School Opening Plans Announced for Aug. 25

The Hamlin Public Schools will open on Monday, Aug. 25, according to Supt. C. F. Cook. Most junior high and senior high students have already registered and students in the first six grades will register on opening day.

The last session of the legislature changed the law pertaining to employing teachers which means the Hamlin Schools will qualify for one less teacher this year than last. The average daily attendance for both negro and white students has been combined, thus creating this loss.

To make up for this loss the school board did not replace the high school biology teacher who resigned and this subject will be taught by Mr. Barrie Popnoe, high school science teacher. He is a registered lab technician and is qualified to teach biology.

In other changes in school assignments, Mrs. Harvey Elkins will teach in the fifth grade and Mrs. James Lain will be moved to the third grade. Mrs. I. J. Starr will be the special education teacher.

In making the announcement of school opening, Supt. Cook said that the school lunchrooms lost money last year and therefore there would be an increase in prices this year. Primary and elementary cafeterias will charge 40 cents and junior and senior high school cafeterias will charge 50 cents.

In announcing the increase Cook said that he trusts that the parents will understand the increase and said labor for lunchroom employees has increased and will increase again in February.

He also stated that busses will run the same routes this year as last with the same drivers.

## GRAVESIDE RITES HELD FOR INFANT WEDNESDAY NOON

Graveside rites were held at noon Wednesday at Neinda Cemetery for Jo Ann Villanueva, infant daughter of Mr. and Mrs. Joe Villanueva, Rt. 1.

The baby was born at 5 a.m. Monday at Hamlin Memorial Hospital and died at 11:20 p.m. Tuesday.

Survivors include the parents; three brothers, David, Gilbert and Martin, all of the home.

GARY LEE TAYLOR  
... new patrolman

## City Hires New Patrolman

Chief of Police Bryan Wasson announces the appointment of Gary Lee Taylor, 24, as a patrolman for the Hamlin Police Department. He replaces Eddie Swanson who resigned to accept a higher paying job. Chief Wasson said,

Taylor is married to the former Vickie Petty. They have one child, Lori, 2.

He was formerly employed by LTV Aircraft in Grand Prairie. He began his duties here Monday.

The general faculty will meet Friday, Aug. 22, in the high school cafeteria to make final plans for the school year. Following the meeting, the principals will meet with their respective teachers to make plans for the first day of school.

Supt. Cook, in talking about the coming school year said, "The administration, teachers and students are looking forward to the opening of this school year. With the same Cont. on Page 7

## Football Workouts To Start Monday

First organized workouts for the 1969 Pied Pipers will be held Monday morning beginning at 7 a.m., according to Head Coach Joe Youngblood. The boys were issued shoes Wednesday and are getting in shape for the workouts.

Workouts will be held twice a day beginning Monday with the afternoon workouts starting at 6:30.

The Pipers will have two scrimmages again this year before their first game which will be with Rotan Sept. 12.

The dates for the scrimmages have not been set yet but will be with Andrews at either Lamesa or Post and with Aspermont at Aspermont.

Following the Rotan game the Pipers will journey to Clyde Sept. 19 and then will play their final non-conference game here with Cisco, Sept. 26. They will open district play at Merkel, Oct. 3 and then will play Winters here, Oct. 10, Ballinger there, Oct. 17, Coleman here, Oct. 24, Anson there, Oct. 31, Stamford here, Nov. 7 (Homecoming) and Haskell here, Nov. 14.

Youngblood announced the completion of his staff this week with the hiring of Larry Butler, a Hamlin graduate,

who will coach track and will be an assistant football coach.

LARRY BUTLER  
... new track coach

## Larry Butler Hired As New Track Coach

Larry Butler, a spring graduate of McMurry College, has been hired by the Hamlin Public School System as track coach and an assistant football coach. He will teach history and civics. He succeeds Coach Roger Moore who is moving to Allen and will be employed by Texas Instruments in Dallas.

Butler, a 1964 graduate of Hamlin High School, received a bachelor of science degree from McMurry.

He has been working for the past two years at Abilene State School and coached in the physical education department there.

At McMurry, he scouted games and was a member of IHR Social Club and was Interclub Council secretary. He was named on the Dean's List for the spring semester.

He is the son of Mr. and Mrs. C. E. Butler and attends the Baptist Church.

## LETTER TO EDITOR—

## Patterson Family Expresses Thanks

Editor's note: The following letter was received this week-end from LaFoy and Lois Patterson and family from St. Paul's Hospital in Dallas where LaFoy is a patient. They hope to be home around the middle or last of next week, if LaFoy continues to improve.

Hamlin may be dry, grass and flowers may be dead and not as many tall pretty trees, etc. as some places, but it has the MOST WONDERFUL PEOPLE in the whole world.

This was proved to us again today as we received a Special Delivery letter today at St. Paul's Hospital from Hamlin with over 100 signatures of people who had made deposits for us in the Hamlin Bank.

The heading of the letter read:

"Dear LaFoy,  
We the undersigned hope we can in this way help a little in your sickness —"

Our room seemed to be filled with sweet smelling flowers and love as we read the many names of you, our dear friends, who cared. How humble and unworthy we felt, but how blessed we feel to be reminded that you wonderful friends care. Each telegram, letter, lovely card and most of all each prayer uttered in our behalf has meant so much.

Some things we cannot understand, but it means so much to know so many wonderful people care. May God bless each of you REAL GOOD is our prayer.

LaFoy and Lois Patterson and family

Mr. and Mrs. James Wright and Tony vacationed in Rocky Mountain National Park and other points in Colorado.

**Jones County Economy Gels \$86 Million Boost From Oil, Gas**

Jones County oil and gas wells pumped some \$8.6 million into the county's economy last year, according to a study just released by the Texas Mid-Continent Oil & Gas Association.

Value of production from oil wells was \$8.5 million and from natural-gas wells \$129,000, based on the most recent U. S. Bureau of Mines figures compiled by the Association. The county ranked 104th in the state in value of production.

"Output from Jones County is part of this country's domestic oil supply which is endangered by some of the proposals now before Congress," commented Corbin J. Robertson, Association president. "Attempts to destroy percentage depletion provisions of our income tax laws and to nullify present controls over imported oil could discourage further development of Texas oil resources. Eventually oil markets now shared by the county would be given over to foreign producers."

Last year, the county produced 3 million barrels of crude oil and 1 billion cubic feet of natural gas.

Of this total, county landowners and others with mineral interests received royalty payments of \$1.1 million.

The state received \$401,000 in production taxes with crude oil accounting for \$392,000 and natural gas \$9,000.

Drilling expenditures were an estimated \$882,000. Of the 46 wells drilled in the county, 18 were completed as oil wells, according to Ira Rinehart's Yearbook. The 28 dry holes cost \$512,000. There were 13 wild cats drilled.

The Texas Employment Commission lists 158 workers on oil and gas payrolls, which totaled \$726,000.

Also adding to the county's economy, the Oil and Gas Journal shows one refinery with a 3,000 barrels daily capacity, 2 natural-gasoline processing plants with a daily capacity of 20.7 million cubic feet.

Pictures used in the Hamlin Herald may be picked up by the owner within two weeks after publication.

## FROM THE FILES . . .

FORTY-FIVE YEARS AGO  
(August 22, 1924)

ROBY, Texas, Aug. 18, —Four State Rangers, assisted by W. R. Moore, Constable Precinct No. 1, after an all night vigil succeeded in rounding up a large still in the north part of the county, Friday morning. They found over one hundred quarts of whiskey, most of which was first run stuff, but quite a bit of it was "finished goods," and something over five hundred gallons of mash, with several dozen fruit jars, and two stills of large capacity. One of the stills was found in a house and had never been used.

After destroying the mash and containers they brought the evidence both of the stills and one man to town. Later in the day Constable Moore took the man to Sweetwater. The Rangers destroyed a part of the whiskey and its containers here this morning and put quite a bit of it away here in the jail.

—Abilene Reporter.

August the 20th, will go down in history as the day that Hamlin got her first bale of 1924 cotton. The lucky man was Ralph Riddle, who farms about eight miles east of Hamlin. Ralph brought his bale to the Morrison Gin, Wednesday morning and soon it was converted into one of the prettiest bales, weighing 451 pounds. He drove upon the street and John T. Day & Son were the high bidders, getting the cotton at 26 cents. Garland Tumlin, Cashier for Day & Son and also Secretary of Hamlin Chamber of Commerce got busy and secured a premium of \$51.50.

Just as the Herald goes to press Thursday afternoon, we learn that Ex-Governor James E. Ferguson is to speak in Hamlin and spend the night here, while on his way from Rotan to Abilene, where he will make his final address of the campaign.

TWENTY YEARS AGO  
(August 19, 1949)

Bowen Pope, former publisher of the Hamlin Herald, attended the meeting of the West Texas Press Association in Brownwood last Thursday, Friday and Saturday. Pope was active in the WTPA in the early years of its organization. He served as the second secretary and the third president of the group. An invitation from Wendell Bedichek, president, could not be turned down by the former editor, who spent the three days hobnobbing with his for-

mer associates, and taking part as an ex-member.

Reports circulated this week that there is actual bad feeling between members of the Lions and Rotary clubs, and that such feeling may break out into open trouble at the game next Thursday night, were denied heatedly by Pat Marlow, president of the Rotary Club, and A. G. Irwin, president of the Lions Club.

"We are sure," they said in a joint statement, "that this talk has been over-emphasized. We know there have been a few harsh words passed, and some threats made, but we don't expect any fisticuffs or other rough incidents. But, to be on the safe side," they added, "we will have plenty of police officers on hand to prevent any unwarranted outbursts at the game."

A recital of expression pupils will be presented in the Calvary Baptist Church next Monday night at 7:45, it was announced by Mrs. Thomas Bigham, expression teacher.

A total of nine or 10 numbers will be presented, and the public is invited to attend, Mrs. Bigham said.

TEN YEARS AGO  
(August 13, 1959)

Fred E. Smith, manager of the Rockwell Brothers lumber yard in Hamlin, was named this community's director to the West Texas Chamber of Commerce recently for the coming year. He has been director for several years.

The buzzing sound around the Will Address place on Northwest Avenue C is not quite so pronounced now as it was several days ago—thanks to some neighbor kids. And folks thereabouts also feel a little safer, too.

A group of busy bumblebees some time ago had selected the Address barn as a suitable site for a happy home, and proceeded with the construction job under the edge of the barn without Owner Address's consent.

Monday, three neighbor kids of the genial popcorn vendor and his wife—Joe, Paul and Becky Martin, aged 12, 10, and eight, children of Mr. and Mrs. Joe Martin, proceeded to make a raid on the intruders. Armed with an insect spray gun and fly swatters, the youngsters waded in. After the battle about 60 of the bumblebees lay fatally wounded.

And casualties of the invaders? Paul sustained the only direct hit by the stinging end of one of the bumblebees.

## Neinda Philosopher Amazed to Learn Farms Have the Answer to Problem of College Rioting

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One apparently is looking ahead to the coming school year, his letter this week indicates.

Dear editor: Because ants had gotten into it, somebody threw a picnic lunch wrapped in a newspaper out of his car near my Johnson grass farm out here yesterday — you'd think that with man's vast technological skill he could make an ant-proof newspaper but check any newspaper, the Herald included, and you'll see it's no more ant-proof than a mosquito net — and I shook the lunch and the ants out and brought the paper home to read.

According to an article I ran into immediately between two mustard stains, a professor has worked out an idea for handling student unrest on college campuses this coming year.

"If you look closely behind the campus happenings," he said, "you'll find the kids are saying they want to actually get involved in some of the problems they'll be facing after they leave the academic world," so he has come up with a plan to let college students take off from classes a few months at a time and work with farmers and other rural people who he says are for the most part living below the poverty level. He pro-

poses that they teach the farmers how to produce more, how to market more intelligently, how to eat a more balanced meal, etc.

I am interested in this program. I've got a fence around my pasture out here that's so far below the poverty level I figure it'll take the riot leaders from at least 14 colleges to fix. Another 10 or 12 could vent their wrath on my barn, but I'd like to specify rioters specializing in Engineering because the first thing an ordinary English major would do is pull the props out on the north side, which is the direction it's leaning in, at a great loss not only to Literature but to my barn.

**Marshall Bradford Serving At Chu Lai Marine Air Base**

VIETNAM — Marine Lance Corporal Marshall W. Bradford, son of Mrs. Maxine Russell of 1044 N. W. Second, Hamlin, is serving in Vietnam with Marine Air Base Squadron Thirteen, Marine Aircraft Group, First Marine Air Wing. The squadron provides operating facilities for Marine Air Group Thirteen.

It operates and maintains runways, taxiways, mess halls, weather services, photo services, laundries, motor transport and communications. The Squadron is based at Chu Lai Marine Air Base.

As for teaching me how to market my produce and eat a balanced meal, I won't want to impose on these college kids, they may not be that mad. If they'll handle the producing end of the job and get the stuff grown, gathered and loaded and into town, I'll take over and handle the marketing and buying of a balanced meal.

I never dreamed I had the answer to college rioting right here under foot. Yours faithfully, J. A.

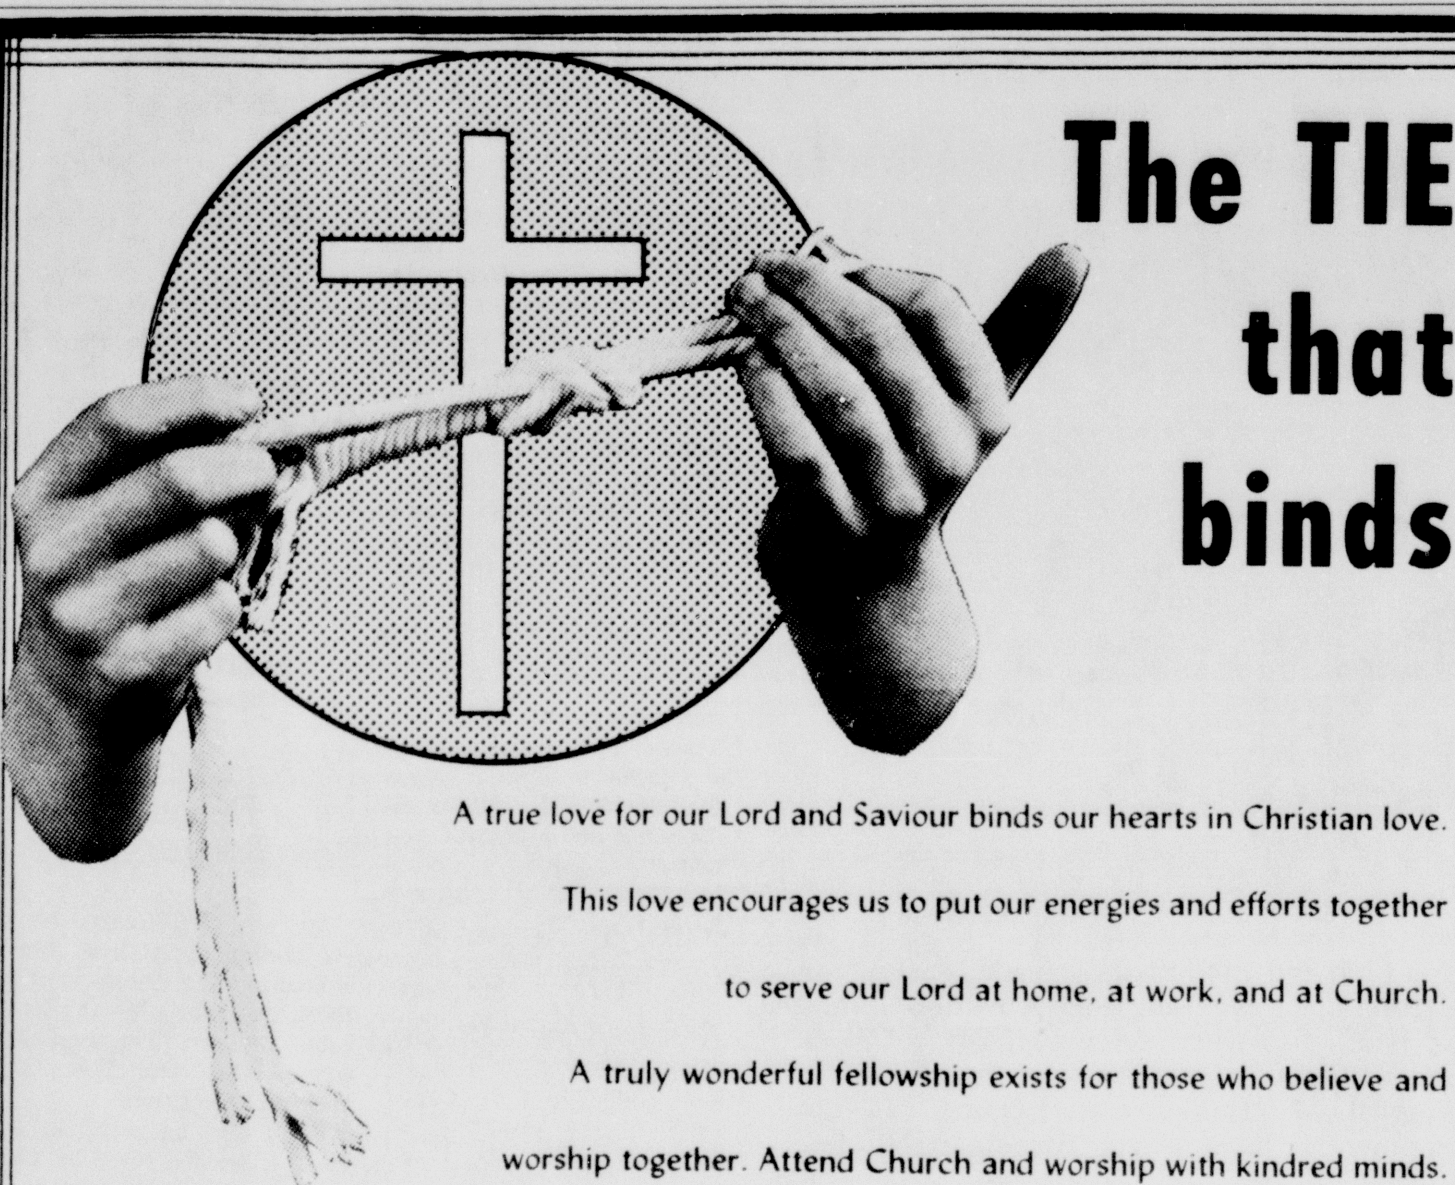

**Homemaking Teachers Attend Dallas Meeting**

Mrs. James Simmons and Mrs. Joe Wayne Carter attended the state-in-service education conference for homemaking teachers July 28-Aug. 1 at the Statler Hilton in Dallas.

The declaration of purpose and action was called by the Texas Education Agency. The main consultant was Professor Mary D. Dickerson in the department of home economics in San Diego (Calif.) State College.

The main subject covered was consumer education.

## The TIE that binds

A true love for our Lord and Saviour binds our hearts in Christian love.

This love encourages us to put our energies and efforts together

to serve our Lord at home, at work, and at Church.

A truly wonderful fellowship exists for those who believe and worship together. Attend Church and worship with kindred minds.

"That I may come unto you with joy by the will of God,

and may with you be refreshed."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

RANDY K. PARKER  
... attends NSF program

Grandson Attends  
National Science  
Foundation Meet

Randy K. Parker, son of Mr. and Mrs. F. I. Parker, of Shamrock and grandson of Mr. and Mrs. Bob Meeks of Hamlin, has returned home from Wilmore, Ky., where he attended the National Science Foundation Training Program at Asbury College.

He was in attendance eight weeks along with 50 other high rating students from over the United States.

SMSC mathematics was Randy's choice of study. There were 16 in this intense study class. He made grades of "A" in the two phases of the course, elementary functions and matrix algebra.

Randy will be a senior in Shamrock High School this fall. He plans to continue his chosen field of study in mathematics following graduation.

Number of Changes In Traffic  
Laws Become Effective Sept. 1

AUSTIN — A number of changes in the State's traffic laws, some of which are highly significant to Texas motorists, were made by the Texas Legislature during its 61st regular session.

Colonel Wilson E. Speir, director of the Texas Department of Public Safety, noted that the new laws will be in effect by September 1, and pointed out that Department of Public Safety patrolmen will begin enforcement on that date.

While the measures range from one establishing new motor vehicle inspection procedures to allowing the owner of a parking lot to remove cars parked on the lot without his consent, one of the most important is the new "implied consent" law covering breath testing of drivers.

Under the terms of this law, a motorist is "deemed to have given consent" to a breath test if arrested for any alleged offense arising out of his actual operation or physical control of a motor vehicle while under the influence of intoxicating liquor. Refusal to take the breath test may lead to suspension of the suspect's driver license for up to one year.

Another measure which directly involves drivers is one which requires that slow-moving vehicles, that is, vehicles traveling at less than the normal speed of traffic, be driven in the right-hand lane or as close as practicable to the right-hand curb or edge

of the roadway except when passing.

Also effective on September 1 is an act which establishes a new intersection right-of-way law for the State of Texas. Under this, there are four rules governing the right-of-way at intersections. In cases of collision, it will be presumed that the driver did not yield the right-of-way if the four conditions have not been satisfied.

Drivers at intersections controlled by stop, yield or traffic control devices must obey the signs.

Drivers of vehicles on a single lane street or roadway consisting of two traffic lanes, upon approaching an intersection not controlled by signs of a divided street or a street or roadway divided into three or more marked lanes, must stop, yield and grant the privilege of right-of-way to vehicles on the larger street.

Drivers of vehicles on unpaved streets intersecting a roadway that is paved must stop, yield and grant the right-of-way to vehicles on the paved street.

Drivers of vehicles on streets of equal size and paving must stop, yield and grant the privilege of immediate use of such intersection to any other vehicle which has entered the intersection from such driver's right, or is approaching such intersection from the driver's right in such proximity as to constitute a hazard.

The Legislature also made changes in the "following too closely" law. Drivers, after the effective date, must give due regard to the speed of the vehicles, traffic upon and condition of the street or

highway, to insure that their motor vehicle can be safely brought to a stop without colliding with the preceding vehicle or bearing into other vehicles, objects or persons.

A change in the Motor Vehicle Inspection Act places Texas on a 12 month inspection period, raises the inspection fee to \$2, and moves the location of the inspection sticker from the right of the windshield to the left. It also adds exhaust emission systems on 1968 or later vehicles, and exhaust systems on all vehicles, to the list of items to be inspected.

Still other new laws remove the restriction on protruberances, such as studs on tires, which do not injure the roadway; adopt a slow-moving vehicle emblem; prevent racing, horn blowing, contests for speed, etc., in privately owned parking areas; and make it illegal to modify any passenger vehicle so that the lower most portion of the vehicle has less clearance than the lower most portion of any rim of any wheel in contact with the roadway.

Another measure, which does not become effective until January 1, 1970, makes an officer's accident report available to the public upon the payment of a \$2 fee.

Other articles in this series will receive the more important law changes in depth.

Bridge Winners

Mrs. Preston Morrow of Rotan and Mrs. Harry Yates of Stamford were first place winners at the Tuesday evening meeting of the Hamlin Duplicate Bridge Club. A tie for second and third place was between Mrs. Ray Sonnenburg, Mrs. Dale Lain, Mrs. G. W. Comegys and Jack Russell.

A sectional rating charity tournament will be held in Abilene at the Sands Motel Friday at 8:15 p.m.

**AUSTIN** - Water development leaders already are talking about another try with the \$3.5 billion water bond authorization in the wake of last week's constitutional amendments elections.

Water bonds - to finance the state's share of the \$9 billion Texas water plan - were defeated by only a few thousand votes out of some 700,000 cast.

Meanwhile, say water experts, the master plan is not dead. Preliminary negotiations for out-of-state water can continue, and another vote can be scheduled on the bonds in 1971. Hopefully by then, some of the major objections will be resolved.

Texans, in the amendments election, solved one of the state's pressing problems, for the time being at any rate. They voted nearly two-to-one in favor of raising the welfare aid ceiling \$20 million a year, to \$80 million. This will get aid to families with dependent children (AFDC) payments back to par, and stave off any more cuts in the near future.

Voters also favored issuing \$200 million more in college student loan bonds to continue the Texas Opportunity Plan of aid to needy youngsters bent on higher education.

Elimination of deadwood from the state constitution met strong favor. So did payments to survivors of volunteer firemen, reserve auxiliary police and other state or local government employees killed in line of hazardous duty.

On the other hand, voters were antagonistic toward four other proposed amendments on the August 5 ballot.

They overwhelmingly rejected pay raises for state legislators and annual sessions of the legislature. They disapproved property tax exemptions for non-profit water supply corporations by a fairly strong margin and narrowly rejected lifting the constitutional interest rate ceilings on state bonds.

Defeat of the annual sessions amendment put an end to hopes of many legislators that another single-year, no-tax state budget can be passed in the current special session and accepted by Gov. Preston Smith.

**TAX BILL TO SENATE** - Now it's the Senate's week to wrestle with the tax bill. House passed its \$341 million version of revenue raising to balance a biennial budget and sent it across the roundtable. From comments, it is an overstatement to say senators don't like it, but hearings are under way in an attempt to come up with an acceptable compromise - and that won't be easy.

January 1):

Raises the sales tax rate from three to 3.5 per cent. Boosts the cigarette tax five cents a pack, to 16 cents.

Launches a new 3.5 per cent tax on telephone and telegraph, auto repairs, appliance (except washing machines, dryers and refrigerators) and jewelry repairs, parking, laundry and dry-cleaning (except self-service coin-operated) and professional entertainment services. (Included in the latter would be admission charges to professional athletic contests, night clubs, dance halls, amusement parks and scenic attractions.)

Levies a 10 cent transactions tax on each sale or purchase of stocks, bonds, warrants and other securities, with few exceptions.

Cuts the gross receipts tax on telephone and telegraph companies from 2.5 per cent to 1.9 per cent (which would reduce the industry's direct taxes about \$5.7 million per biennial fiscal period).

City officials are angry because, while new sales and services taxes would be levied at 4.5 per cent in those municipalities which levy local option sales tax, they would get none of added revenue.

One thing seems certain: what comes out of the Senate is unlikely to bear much resemblance to what comes over from the House.

**LOAN BONDS SOLD** - First \$14 million in new college student loan fund bonds were sold here last week (Aug. 7).

First National City Bank of New York and Associates was successful bidder at a net effective interest rate of 5.4162 per cent. Announcement came from Tom Sealy of Midland, chairman of the Coordinating Board, Texas College and University System Board administrators the program.

Bonds will be formally authorized and awarded to the purchaser at the meeting of the Coordinating Board on September 2. Funds will be available for fall semester loans. About 36,000 needy Texas resident students have benefitted from a total of nearly 100,000 loans since the program went into operation in 1966.

Visiting in the home of Mr. and Mrs. Willie Alls Sunday were Mr. and Mrs. Andy Shipp, Carla and Kevin, Mrs. T. E. Carter and Tommy, who just returned from Vietnam, all of Sweetwater; Mrs. A. B. Fitzgerald, Judy, Pat and Rhonda of Roscoe, Mrs. Al Kenney of Sterling City, Sue Alls of Rotan, Mr. and Mrs. W. S. Carter, Mr. and Mrs. Roy Embrey, Mr. and Mrs. Calvin Embrey and Sharon, Mr. and Mrs. J. W. Carter, Beverly and Sherri, and Mr. and Mrs. Joe Collins, Tony and Larry, all of Hamlin.

Mr. and Mrs. Lester Campbell, Jane, Eric and Thomas of Glendora, Calif., are visiting this week with his brother and family. Mr. and Mrs. George Campbell.

Mrs. Hester Mae Johnson and her daughter, Mrs. Belton Hooper, flew to California to visit another daughter, Barbara Johnson, and her sons. They toured Alcatraz Prison in San Francisco Bay and also visited Mr. Jesse Johnson in Fresno.

**Remedial Reading Program Granted Approval for Year**

The Hamlin Elementary School (1-5 Grades) has received approval for the remedial reading program for the 1969-70 school year. There will be two classroom teachers and three teacher aids employed under this act, informs Supt. C. F. Cook.

This program is for the purpose of helping children that are lagging in reading. Mr. Cook said, "We have 165 children identified for this program in the first eight grades. We have the best equipment that money can buy; therefore, we are spending the money on personnel to assist these children."

The program will start soon after school starts. Mrs. Toby Weaver and Mrs. Tim Jones have been employed to formulate this program. Mrs. John Holtz, Mrs. Skipper Smith, and Mrs. Dan Gallagher are the aids to the above teachers. These same people conducted this program last year and it was very successful.

The evaluation of last year's program, according to the State Department, was outstanding, Mr. Cook said.

**Supt. Cook Warns About Compulsory School Attendance**

It is the responsibility of the Superintendent of schools in Texas to enforce Compulsory School Attendance Law.

Mr. C. F. Cook, Superintendent of the Hamlin Public Schools, states that he will to the best of his ability see that this law is carried out in Hamlin.

He quotes Article 2892 on Attendance Requirements:

"Every child in the State of Texas who is seven years and not more than 17 years of age, other than a high school graduate, shall be required to attend the public schools in the district of his residence, or in some other district to which he may be transferred as provided by the law, a minimum of 165 days of the regular school term of the district in which the child attends school."

The parents of each child in the Hamlin school district is responsible to see that their child attends school. There is a penalty on the parents if this is not done, because parents are held responsible for their children.

Mr. Cook states if he finds children not in school, he will contact the parents, then if the children are not enrolled in school he will notify the County Judge.

**Fisher Co. Economy Gets Big Boost From Oil and Gas Wells**

Fisher County oil and gas wells pumped some \$19.6 million into the county's economy last year, according to a study just released by the Texas Mid-Continent Oil and Gas Association.

Value of production from oil wells was \$18.6 million and from natural-gas wells \$1 million, based on the most recent U. S. Bureau of Mines figures compiled by the Association. The county ranked 63 in the state in value of production.

"Output from Fisher County is part of this country's domestic oil supply which is endangered by some of the proposals now before Congress," commented Corbin J. Robertson, Association president. "Attempts to destroy percentage depletion provisions of our income tax laws to nullify present controls over imported oil could discourage further development of Texas oil resources. Eventually oil markets now shared by the county would be given over to foreign producers."

Last year, the county produced 6.3 million barrels of crude oil and 8.3 billion cubic feet of natural gas.

Of this total, county landowners and others with mineral interests received royalty payments of \$2.5 million.

The state received \$928,000 in production taxes with crude oil accounting for \$853,000 and natural gas \$75,000. A

number of school districts in the county lean heavily on oil production for ad valorem tax support, such as Hobbs, 87.9% and McCaulley, 52.2%.

Drilling expenditures were an estimated \$876,000. Of the 43 wells drilled in the county, 20 were completed as oil wells and 2 as gas wells, according to Ira Rinehart's Yearbook. The 21 dry holes cost \$384,000. There were 15 wildcats drilled.

The Texas Employment Commission lists 74 workers on oil and gas payrolls, which totaled \$483,000.

Also adding to the county's economy, the Oil and Gas Journal shows 2 natural-gasoline processing plants with a daily capacity of 11 million cubic feet.

Kenny and Mark Scott of Wichita Falls are spending the week with Joe Bob Carter and his parents, Mr. and Mrs. Joe Wayne Carter and their grandparents, Mr. and Mrs. K. T. Scott.

Mr. and Mrs. Manuel G. Barrera of Old Glory are parents of a girl, Jacqueline Ann, born Aug. 10 at 10:55 p.m. She weighed 8 lbs. 6 oz.

## Plans Nearing Completion for Annual Jones County Fair

Plans are nearing completion for the 1969 Jones County Fair according to word this week from President Woodrow Bagley of Anson.

W. M. Holloway, General Livestock Superintendent of the show, says that all sheep and swine must be brought in to the show grounds from 1-8 p.m. on Thursday, Aug. 21 and all cattle must be in their

stalls by 8:00 a.m. on Friday, Aug. 22. The Livestock Show will be held Friday, Aug. 22 and all animals must remain on exhibit until 8 p.m. that day. Rabbits and poultry will show at 2:00 p.m. on Thursday, Aug. 21.

The Horse Show will be held on Saturday, Aug. 23 and will be under the general supervision of Monte Cowser of Anson.

Albert Maberry, Vocational Agriculture Teacher from Trent will judge the livestock and Bryan Wilson of Abilene will judge the poultry and rabbits.

The Women and Youth Division of the fair will be on Friday, Aug. 22 and will be judged by Mrs. Alice Ballenger of Roby, Miss Ruth Ann Fansler of Haskell and Miss Mary Eula Sears of Abilene.

A Talent show under the supervision of Dolores Dean will be held on Thursday night starting at 8:00 p.m. on Aug. 20. The Cotton Queen Contest will be held on Friday night, Aug. 22, under the supervision of Peggy Propst.

### Carl Young Jr. Gets Master's At Louisiana State

Carl T. Young Jr., whose parents, Mr. and Mrs. Carl Young, live in Hamlin, was among some 925 students receiving degrees at summer commencement exercises Aug. 8 at Louisiana State University, Baton Rouge, La.

He teaches math to junior and senior students in Carrol High School in Corpus Christi.

Oct. 21, Rotan at Hamlin.  
Oct. 28, Hamlin at Haskell.

## SCHOOL OPENING SET AUG. 25

Cont. from Page 1

cooperation we have received in the past, we should have a very profitable and enjoyable school year. We will need the help and cooperation of all concerned to accomplish this."

"Hamlin is a fine place to live, especially it is a wonderful town to teach in," he continued. "There are so many people who want a good school, therefore, they will assist in all school programs. I will assure you good people, the students, faculty, and administration appreciate your efforts."

### High School

Hamlin High School students will be issued their schedules, books, lockers and instructions in regard to the beginning of school Monday and Tuesday, according to B. V. Newberry, principal.

Seniors are to report to the school on Monday from 9 to 11 a.m. and juniors from 1 to 3 p.m. On Tuesday, sophomores are to report from 9 to 11 a.m. and freshmen from 1 to 3 p.m.

Those who are unable to make the above schedule are asked to go by the school on Thursday or Friday, Aug. 21 or 22. Or wait until the first day of school, Monday, Aug. 25. The school office will be open from 8:30 to 4:00.

New students in the district who will be in high school this fall that have not already been by the office to pre-enroll are asked by Mr. Newberry to go by on Thursday or Friday, Aug. 21 or 22.

Typing is the only fee charged by the school and it is requested that it be paid as early as possible. The fee is \$4.50 for the entire year and can be paid \$2.25 each semester.

Many classes will require workbooks which will run from approximately \$1.00 to as much as \$3.00, according to Mr. Newberry. Other supplies needed are to be furnished by the student.

### Junior High

Junior High School registration will be held next Monday and Tuesday, according to Marvin Carlton, principal. Students will be enrolled, issued books and assigned lockers at this time.

Eighth grade students are to enroll at 10 a.m. Monday, seventh grade students at 1 p.m. Monday and sixth grade students at 10 a.m. Tuesday.

Students are requested to bring a ball point pen to fill out the enrollment forms and make out book cards, according to Mr. Carlton.

Students unable to register at the designated times may register at anytime during the remainder of the week. Pupils attending the Hamlin Schools for the first time are requested to bring report cards and book cards from the school attended last year.

### Primary School

Mrs. Fred Smith, principal of the primary school, said that pupils in the first and second grades would report for their first day of classes Monday, Aug. 25, at 8:30 a.m. They should be accompanied by one parent, she added.

Parents may assist their children in locating their rooms, get their meal tickets and sign their children's enrollment cards while there, she said.

First grade children who did not have their birth certificates at pre-school registration must bring them before they can be enrolled.

Parents of children who did

not reside in the Hamlin school district last year and will be in the first or second grade should contact Mrs. Smith at 576-3747 to register the pupil.

A new schedule will be followed for the first two grades. Both grades will begin classes at 8:30 a.m. as usual but the first graders will be dismissed at 2:30 p.m. and the second graders at 3 p.m.

Children who ride the bus will wait in the room designated as the bus room. A teacher will be in charge of these children.

Primary children may eat in the lunchroom, bring their lunches or go home for lunch.

Supplies needed for the first grade are: cigar box, No. 8 crayolas, wide tablet, but not wide lines, a large primary pencil, scissors, and \$2 for other supplies, 50c for parties. A book satchel is not necessary unless it will fold and fit into the desk.

Second grade supplies are: Elmer's Glue, No. 16 crayolas, No. 2 pencil, scissors, manuscript imaginary line

tablet, construction paper and \$2 for other supplies.

### Johnny Hilliard In Vietnam Waters

Airman Apprentice Johnny D. Hilliard, USN, son of Mr. and Mrs. Glen D. Hilliard of Roby, and husband of Mrs. Juanita Hilliard of 22 Central, Hamlin, is serving aboard the amphibious assault ship USS Valley Forge in Vietnam.

The Valley Forge, flagship of Amphibious Ready Group Bravo of the Seventh Fleet, is an Essex Class aircraft carrier converted for use by combat-ready, helicopter-embarked Marines in amphibious landings.

### Singing Sunday

The regular Third Sunday Singing will be held Sunday at 2 p.m. at the Foursquare Gospel Church.

Everyone is invited to attend.
